# **To achieve excellent results while saving time and effort, choose the right tool**

Not all CERVUS brushes and rollers are equal.

The type of surface and paint, as well as size and shape of the area to be treated are some of the variables to consider when you choose the right tool.

# Quality and innovation since 1951

Since 1951 CERVUS has been designing, producing, and distributing high quality brushes and roller. A family business recognized and appreciated both on the domestic and foreign markets.

For more than 70 years CERVUS has been a leader in its field and proudly strives day after day to innovate and improve its production.

# Service and innovation

Our mission is to meet the needs of professional users offering tools and services that improve the quality of work.

Care in packaging and packing, prompt delivery and efficient after-sales service are our priority.

# Spaces for your store

Cervus offers retailers dedicated, professional and tailor-made display systems.  
The retailer optimises warehouse stocks, increases the rotation of goods,  
thus reducing costs and increasing revenues

# Store display systems

CERVUS display range is an important tool to enrich the point of sale. Designed to offer excellent display capacity in limited space, they are easy to transport and assemble. They are the ideal solution for those who want to successfully promote CERVUS products in their shop or point of sale.
