

AGMATIC to Showcase Smart Access Solutions at Big 5 Global 2026

27 September 2026 | United Arab Emirates

23-26 NOVEMBER 2026

DUBAI WORLD TRADE CENTRE

STAND 4B181

AGMATIC, a brand of **AETS Automatic Parking Systems Manufacturing F.Z.E.**, will present its automatic parking barriers and intelligent vehicle access solutions at **Big 5 Global 2026**, taking place at Dubai World Trade Centre from 23 to 26 November 2026.

Visitors to **Stand 4B181 in Za'abeel Hall 5** can explore AGMATIC's DC servo and BLDC barrier technologies alongside automatic number plate recognition (ANPR), parking management, access control and gate automation solutions.

The product portfolio addresses the needs of residential communities, commercial developments, industrial facilities and infrastructure projects. AGMATIC's approach combines dependable mechanical engineering with practical automation and safety features to support efficient day-to-day access control.

At the exhibition, the AGMATIC team looks forward to meeting developers, consultants, contractors, system integrators and distribution partners to discuss project requirements, new technologies and collaboration opportunities across the UAE and international markets.

ABOUT AGMATIC
