

[illegible]

Our vision is to be a globally recognized leader in the manufacturing of power and connectivity solutions. We aspire to continually evolve our product offerings to meet the dynamic and ever-changing needs of the industry, fostering growth and innovation.

Our mission is to deliver innovative, high-quality power and connectivity solutions that enhance the operational efficiency and reliability of our clients' infrastructures. We are committed to advancing technology and setting industry benchmarks through our innovation, dedication to excellence.

[illegible]

Ensure uninterrupted operation and protect against power outages, surges, and spikes. They are essential for business continuity and safeguarding electronic equipment.

ONLINE-HIGH-PRECISION UPS • TRANSFORMER-BASED INDUSTRIAL UPS • MODULAR UPS
OUTDOOR UPS • LINE-INTERACTIVE UPS • BATTERY BANK AND CABINETS FOR LARGER INSTALLATIONS

**SPECIALIZED CONTROL CABLES | SHIELDED MULTITRANS FIBER-COPPER CONDUCTOR CABLE
UNSHIELDED MULTI | STRAIN-COPPER CONDUCTOR CABLE | SHIELDED MULTI
STRAIN-COPPER CONDUCTOR CABLE | INDOOR & OUTDOOR RS-485 CABLES**

Networking Cables

Support high-speed data transmission and robust connectivity for both small and large scale network infrastructure. Designed to optimize performance, they ensure seamless communication and data flow.

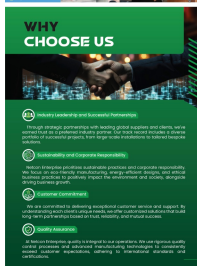

Network Racks
Designed for durability and versatility, providing secure housing for networking equipment. They support easy organisation, maintenance, and scalability for IT infrastructure needs.

Engineered to protect sensitive equipment from environmental hazards, including dust, moisture, and extreme temperatures, ensuring longevity and reliability for both indoor and outdoor use.

WALL MOUNT ENCLOSURES | POLE MOUNT ENCLOSURES | FLOOR MOUNT ENCLOSURES

 Security Systems

STANDARD SECURITY SYSTEMS | BIO / FINGERPRINT AND FACIAL RECOGNITION SYSTEMS
BATS BARRIERS | MAGNETIC LOCKS | DOOR STRIKES | DROP BOLT LOCKS | DOOR SENDER
CIRCUIT BUTTON | POWER SUPPLY

1. Industry Leadership and Successful Partnerships

Strong strategic partnerships with leading global suppliers and firms, were instrumental in a focused industry pursuit. Our focus resulted in several patents of successful products, that in turn led to substantial sales and revenue growth.

2. Sustainability and Corporate Responsibility

Adopting innovative practices, sustainable practices and corporate responsibility, has helped us in actively manufacturing energy efficient devices, and effectively managing our supply chain. We have actively supported and encouraged green business growth.

3. Customer Centricity

We are committed to defining a customized customer service and support. Our customer service team, with its ready, fast and efficient customer support team, using new technologies used for lead, reliability, and faster delivery.

4. Quality Leadership

As Success Innovation quality is integral to our operations. The use rigorous quality control processes and advanced technology for innovations in manufacturing, production, operations, catering to the international standards.
